

PE and Sports Premium for Primary Schools

England Lane Sports Premium Strategy 2018-2019

To maximise the use of School Sport Premium Funding to ensure a legacy of delivery high quality PE & Sport in KS1 and KS2, resulting in accelerated progress in the subject supporting the National Curriculum. To promote a love of physical activity for both adults and children with confidence to teach and learn. Encourage a state of total fitness including social, mental and physical by supporting the government's initiative to prevent and treat obesity as well as competing in competitions. All teaching staff to develop their understanding of Physical Activity & Promotion of Health & Well Being while delivering high quality lessons in accordance with the Teacher's Standards.

Amount of Primary School Sports Grant Received	
Primary School Sports Grant Lump Sum	£17,460
Total number of pupils on roll	183
Proposed amount spent	£17,500

Meeting national curriculum requirements for swimming and water safety	Please complete all of the below*:
What percentage of your current Year 6 cohort swim competently, confidently and proficiently over a distance of at least 25 metres?	68%
What percentage of your current Year 6 cohort use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]?	61%
What percentage of your current Year 6 cohort perform safe self-rescue in different water-based situations?	54%
Schools can choose to use the Primary PE and Sport Premium to provide additional provision for swimming but this must be for activity over and above the national curriculum requirements. Have you used it in this way?	Yes/ No Due to limited availability at local swimming baths.

2017 – 2018 impact evaluation

The continued level of sports funding has allowed us to invest heavily in a variety of ways to further improve and develop the teaching and learning across the academy. Primarily, we have bought into a high quality coaching company who have worked alongside all class teachers and practitioners to develop their skills and abilities in the effective delivery of quality PE lessons. As a result, all observed sessions evidenced learning experienced where progress in key skills was at least good.

Staff, through professional discussions, have said that they feel upskilled and confident in teaching high quality PE.

The coaching company have run lunchtime and afterschool multi-sports clubs aimed at both KS1 and KS2 children. As many children as can safely access this have done (indoor 20, outdoor 30), and as a result, more pupils have engaged in active, healthy activities.

All pupils have a PE kit.

The academy has engaged in a number of sporting activities and competitions outside of school. This has been done in three ways. 1) Through engagement with the feeder Secondary Academy. 2) Through DELTA as a Trust. 3) Through the coaching company. All pupils have had the opportunity to participate in these activities. As a result, at least 50% of each year group have engaged in activities and competitions they may not necessarily have access to outside of school and outside of the school day.

Implications and objectives for 2018-2019 spend

Through continuing professional discussions with colleagues, the academy will change its coaching provider. From September 1 2018 England Lane will be working with Premier Coaching Ltd. In addition to the provision of 17-18, Premier Coaching Ltd will provide weekly cooking sessions with pupils of all ages, complimenting the promotion of active healthy lifestyles with healthy food choices.

In preparation for England Lane's new build, a proportion of the spend will be on large indoor equipment such as beams, mats and frames.

The rest of the spend will be on keeping our equipment and resources up to refreshed and fit for use, as well as maintaining the status of every child having a PE kit.

- Continue to Raise the standard of teaching and learning in PE
- To further increase the number of children participating in sport
- Develop pupil's knowledge and understanding of healthy foods and healthy cooking techniques
- To improve the health choices of our pupils and lead an active lifestyle

Objective	What are we going to do?	How are we going to do it?
Physical Education Raising the standard of teaching and learning in PE	To improve the PE curriculum and the quality of teaching and learning	Coaching and mentoring of all teachers by utilising the skills of the PE lead in the academy and by high quality CPD coaching and mentoring
To increase the number of children participating in sport.	To continue and extend the opportunities for competitive and non-competitive sport with other local schools and academies.	Maintain current competitive activities -Sports coaches organise tournaments to link with skills being taught in classes (tag rugby, dodge ball, canoeing) - PE lead to organise cluster competitions - PE lead to lease with secondary schools and local clubs for sport
To improve the health choices of our pupils and lead an active lifestyle	Healthy Active Lifestyles Ensuring all children are encouraged to take regular exercise	Through children participating in sports and games within school. Sessions tailored to explain the importance of healthy choices.
Develop pupil's knowledge and understanding of healthy foods and healthy cooking techniques	Provide an after school club for children	Qualified coach leads cooking classes for children – focus on healthy foods and cooking techniques
