How will he trick the crocodiles to get across this time? Write or draw the next part of the story.</p>

Year 4: Home-School Learning Menu Week 2

Topic Project Menu: These activities should be completed over a number of weeks and should be used to support your child's learning in other areas aside from Maths and English. You may wish to send in photographs or videos of this completed work through our school email address. You can also share your learning on our new Twitter: @EnglandLaneMain

	I like to explore	I like being creative	I like being kind and helpful	Time to get physical!
Strengthen your learning	Listen to the sounds inside different rooms of your house? Are the sounds different or the same in each room?	Draw your own design of a Mosaic pattern. (look on the internet if you need inspiration) Remember to think about what sort of material it might be made from.	Find a joke (there loads on the internet if you need help). Share it with someone in your home.	How many star jumps can you do before you have to stop? Challenge someone in your house, who won?
Deepen your learning	Investigate these sounds further. Can you hear different sounds in those rooms at different times of the day? Record what you can hear	Create the Mosaic pattern you designed.	Find some other jokes and send them to your friends and family. Make them smile.	Join Joe Wicks on his YouTube Channel at 9.00AM for a free fitness session.
Take the challenge!	Design your own pitch pipes. Use this tutorial to help you. https://www.youtube.com/watch?v=BaymX3qJRbQ Use your pitch pipe in different rooms of your home. Are those sounds different? Why do you think that is?	If you had the chance where would you like to see your mosaic pattern displayed? Draw where you would have it displayed and say why?	Design a joke book, share it with the people in your house. Make them Laugh.	Design your own fitness circuit in your home or garden. Challenge the people in your home to join in.
